REFEREES

Tan Ah Chiew Arthur

arthur_tan@np.edu.sg
Manager, School of InfoComm
Technology, Ngee Ann Polytechnic,
535 Clementi Rd, Singapore 599489

Jonathan Tham

jonathan_w_m_tham@ite.edu.sg
Lecturer, Institute of Technical
Education, 1 Choa Chu Kang Grove,
Singapore 688236

CAREER OBJECTIVE

I am a self-motivated individual and creative team player eager to gain new experiences where I can utilize my technical skills and knowledge to solve problems and make a positive impact on the company.

WORK EXPERIENCE

12 SEPTEMBER 2022 – 27 JANUARY 2023

Security Research Intern / Centre for Strategic Infocomm Technologies, Singapore

Performed analysis on the capabilities of Kubernetes networking implementation and investigated vulnerabilities involving the communication process.

30 SEPTEMBER 2019 – 14 FEBRUARY 2020

Intern / Cyber Test Systems, Singapore

Building Cyber Ranges was a thrilling experience for me as I got to learn how a system that simulates real world attacks was constructed by working on many hands-on.

EDUCATION

APRIL 2020 – MARCH 2023

Diploma / Ngee Ann Polytechnic, Singapore

- Diploma with Merit in Cybersecurity and Digital Forensics
- CSA Prize (For Most Outstanding Academic Performance)

APRIL 2018 – MARCH 2020

Higher Nitec / Institute of Technical Education, Singapore

- Certificate of Merit in Cyber and Network Security

JANUARY 2014 - DECEMBER 2017

GCE N(A)-Level / Jurong Secondary School, Singapore

PROJECTS

APRIL 2022 – JULY 2022

myXtra (Social Media and Community Platform)

Building this application using modern technologies such as React and NodeJS challenged myself to full stack development.

APRIL 2021 – AUGUST 2021

Spendid (Mobile Android Application)

Developing this project enabled me to enhance my programming skills to create a finance tracking application using Android Studio.

CERTIFICATES AND QUALIFICATIONS

EC-Council Certified Security Specialist

Issued September 2019

AWS Cloud Practitioner Essentials

Issued June 2019

EC-Council Certified Secure Computer User

Issued November 2018
